

How to design a progressive web-server

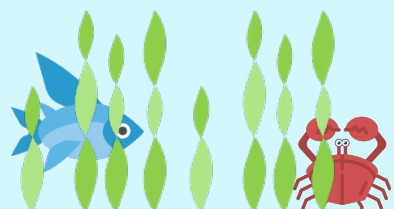

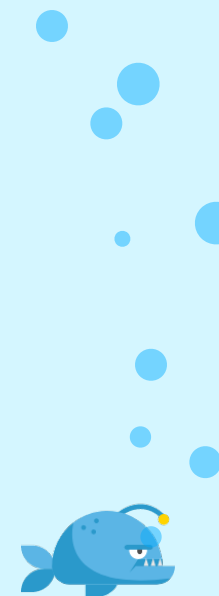

45m

elegantly

Alex Zhang
2021.02.01

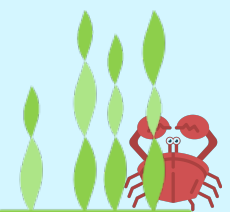

augejs is a progressive Node.js framework for building applications.

Why

<https://www.benfrederickson.com/ranking-programming-languages-by-github-users/>

Competition

<https://cloud.tencent.com/developer/news/434092>

https://stressgrid.com/blog/webserver_benchmark/

Fast and low overhead web framework, for Node.js

The Simple, Secure Framework Developers Trust

Born to build

better enterprise frameworks and apps with Node.js & Koa

A progressive Node.js framework for building efficient, reliable and scalable server-side applications.

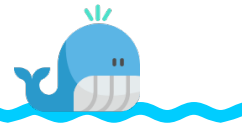

Use the full ES6/7 features to develop Node.js applications

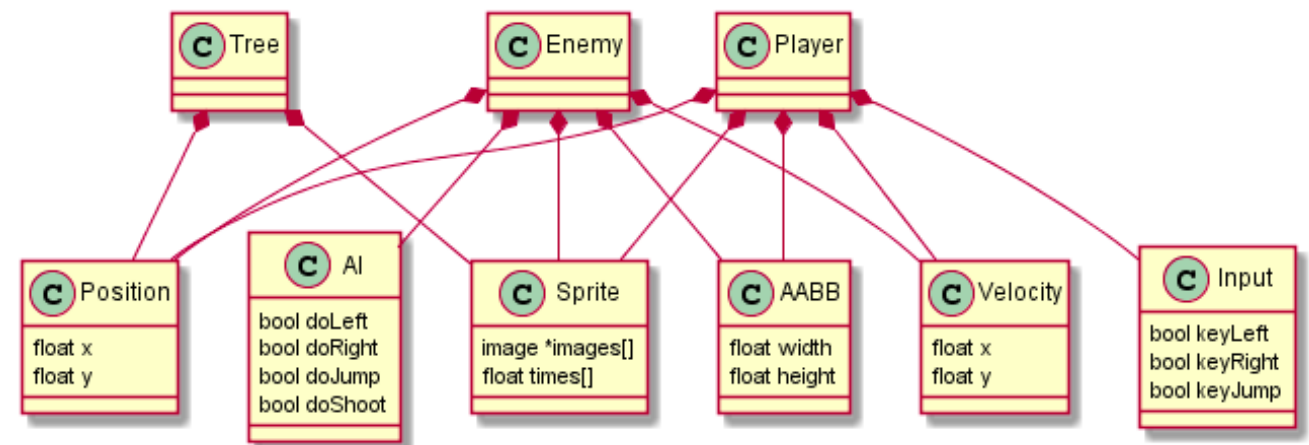

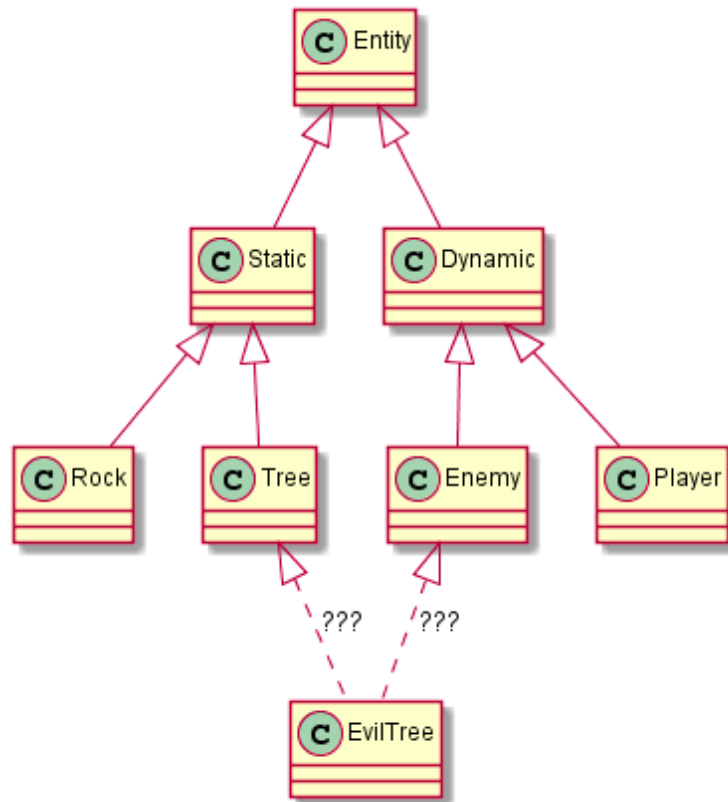

augejs is a progressive Node.js framework for building applications.

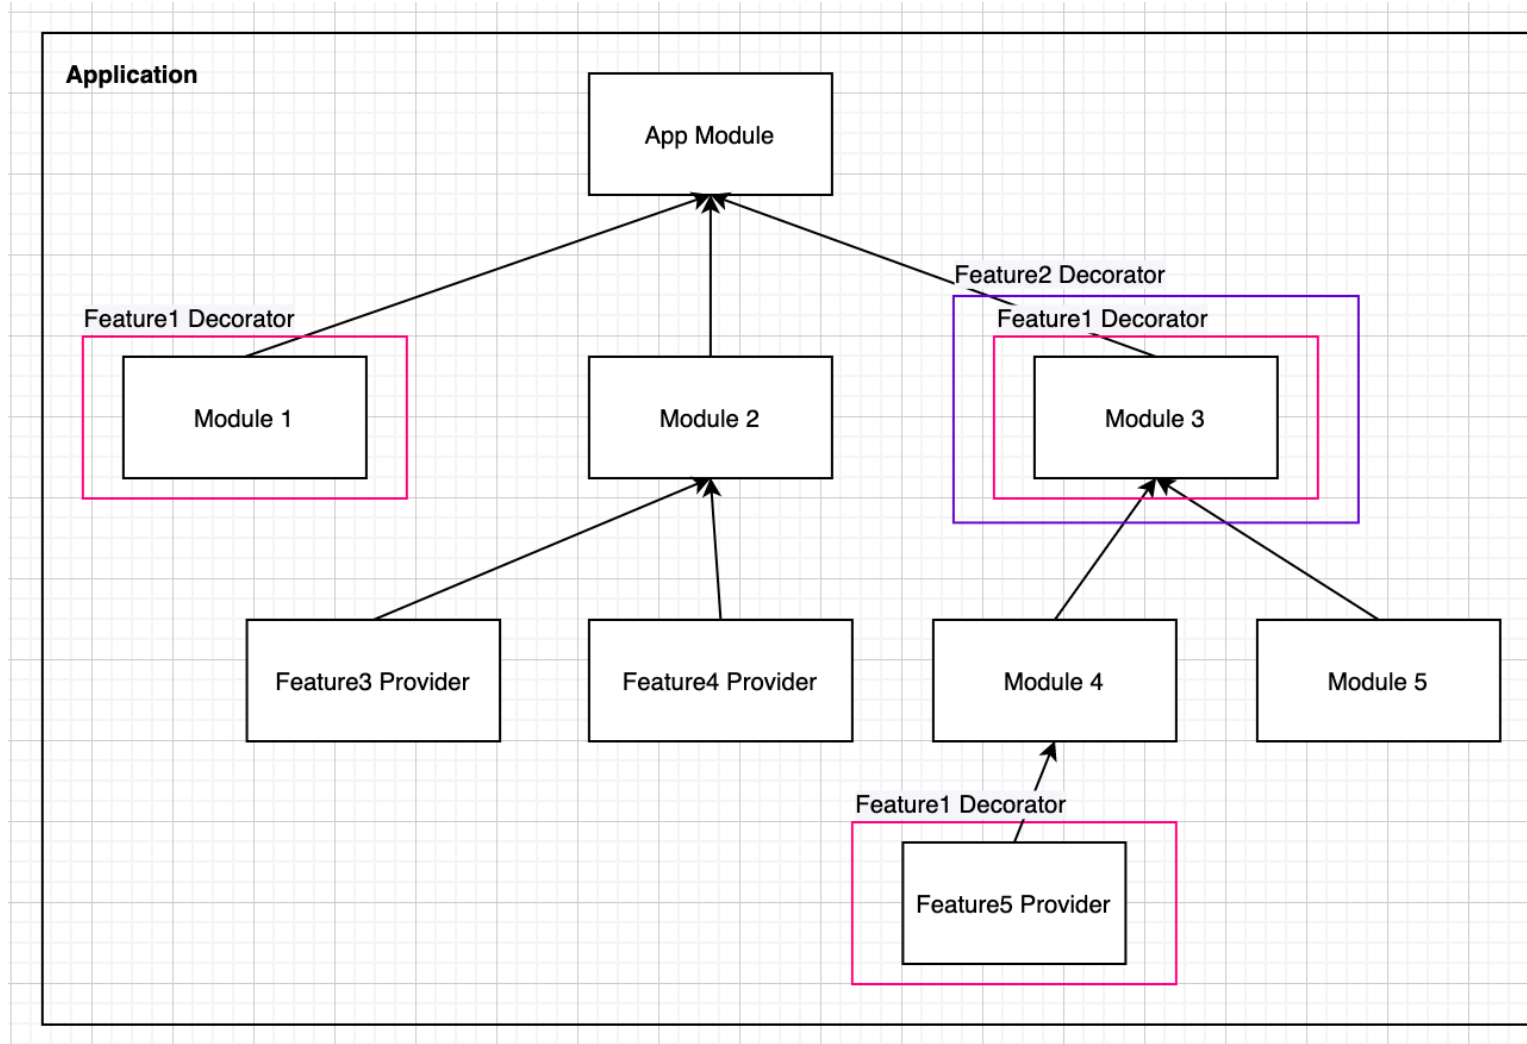

Component Entity System

The entity is a ? vs The entity has a ?

What does an application mean?

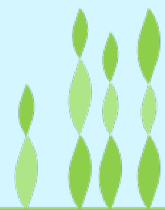

How
